---

## THURSDAY, 4 P. M.

The Convention met in union with the Foreign Society, and the Committee on Obituaries reported, through B. O. Aylesworth, of Iowa, as follows:

## REPORT OF COMMITTEE ON OBITUARIES.

Your Committee upon Obituaries, appointed by the President of the G. C. M. C., beg leave to report as follows:

We confirm all that has just been said, so tenderly, so truthfully, so touchingly, of the beloved dead, who, living, were the friends of and co-workers in both of these Christian Associations.

No one organization can or will ask to contain so large a spirit with so vigorous an energy as that of our leading hero, so soon dead, so endlessly to be remembered, Isaac Errett. He marked no limit for himself save the Gospel; and if ever it were attempted by others, it but fretted his great soul.

His life was his brethren's own. To retain it still, though we see him no more, is part of the Christ's immortality. In like manner no peculiar work could hold as its own, content, that other great and growing man, W. H. Woolery. In a sense he may have belonged to Bethany, even as did another, sleeping now under the orchard leaves hard by where he fell, even as did another belong to that oldest Bethany of Judæa—for their best beloved were there—but these all are ours, the heirs alike of no creed, the dictators of no dogma.

But of these the fullness of love and tears hath been already uttered. Where is still another name dear to both these Societies, whose memory is given us to hold fast?

From the beginning of this Association, Jacob Burnet has been its friend. Upon the level of legal life and learning, he took his Christian way. For two score years a member of the Central Christian Church of Cincinnati, two-thirds of that time one of its elders, nine years a judge of the law, with the inspiration of the life of his brother, the lamented David S. Burnet, it is a small wonder that he is counted worthy the rememberance of the people whom he so much helped in all his positions of honor and trust. He was also a member of the Acting Board of this Society.

W. H. Lape, of Kentucky, was for many years a member of this Board, and a wise counselor, sympathetically quick to all its demands. Him we must number to-day with the departed.

John P. Robinson, of Ohio, who never lost his zeal for this great work; often heard in our early councils, those two pioneers, W. S. Winfield, of Indiana, and Andrew Steele, of Kentucky, who, taking the first step in the movement of the restoration, had that wisdom always to "go on to perfection." These all we remember this hour, and give them place in reverent hearts.

We do not forget E. D. Barclay, a worker in Ontario, Ohio, and Kansas, in pulpit and field. R. A. Bishop, of Mississippi, J. B. Inman, and G. G. Hamilton, all of them the servants of the church, and missionaries under this Board's direction.

With these noble workers we array sadly A. E. Myers and his devoted wife, of West Virginia, so painfully separated by death, so soon reunited in the spirit world "by faith unto salvation;" and L. A. Thomas, and Louisa Kenningham, of Kentucky.

Nor can we fail to remember those other friends who, sighting the riches of heaven, forget not the sinful poor of earth, but, turning from their eternal inheritance for an hour, gave, that the poverty of the world-cast might be lifted. Every golden gleam, every shining gem of heaven will be more lustrous far, every sparkling fountain more de-

lightful, more refreshing, for these little gifts of gold and cups of water here.

So may it be to many in that time, the names here, Elijah Carson, of Ohio, Lettie Rawlings, of Kansas, and Pauline Crawford, of Kentucky, and others, whose memory was quick even in dying

A growing company these, within the gates. At the throne they sing and praise, and over the jeweled walls they bend and look and wait.

The devotional exercises of the Convention were led by G. A. Hoffman, after which the order of the day was taken up.

The Committee on Year Book reported through J. H. Hardin as follows:

## REPORT OF THE YEAR BOOK COMMITTEE.

The Committee on Year Book beg to submit the following report:

Referring to the report of this Committee, made one year ago at Springfield, we find the following:

"We propose to issue another book, if found practicable, early next year, making corrections in the list of churches and ministers as we may be able, and adding the latest reports of all our missionary associations."

On consulting the publisher, to whom the whole matter had been turned over, we found that the Year Book already published had met with scarcely any sale. It has not been found practicable, therefore, to publish a Year Book during this year.

Your Committee believes that a Year Book should be published during 1890, the year of the ninth United States census. We believe that certain changes are necessary in the amount and kind of material to be included in such publication. These changes can be managed by the Standing Year Book Committee, which this Convention will appoint, without its being necessary to detail them here.

We recommend, therefore, that the whole matter be referred to the Year Book Committee, the publishers, and the Corresponding Secretary.

R. MOFFETT,

The Trustees of Hymn Book reported through R. M. Bishop, and their report was ordered printed. It is as follows:

## REPORT OF TRUSTEES OF HYMN BOOK.

We stated in our report presented one year ago, that we were considering a proposition by which we could be able to issue a new and cheaper edition of the Hymnal, in order to compete with the very low price at which many smaller and less expensive books are being sold; and we stated at the same time that, if the proposition were accepted, it would necessarily reduce the income to the Missionary Society derived from the sales of the books. The proposition was accepted, and the contract entered into January 1, 1889, with the Christian Publishing Company, of St. Louis, Mo., to run for seven years. We have paid V. O. Pinckard, treasurer of the General Christian Missionary Convention the sum of two hundred and sixty-three dollars and eighty-three cents.

Since the last meeting of the Convention, we have lost, by death, W. H. Lape, who was a member of this Board from its beginning. He was faithful to his trust, and efficient in his services, and now rests from his labors and sings the new song in the upper sanctuary.

Respectfully submitted,

R. M. BISHOP, *Chairman.*

In the absence of the chairman of the Committee on Union with the Free Baptists, its report was read by F. D. Power, of Washington, D. C. The report was adopted and spread upon the minutes, and the Committee continued, with another name to be substituted for that of J. M. Atwater, at his own request.

## REPORT OF COMMITTEE ON UNION WITH FREE BAPTISTS.

To the General Christian Missionary Convention, in session at Louisville, Ky., October 22–25, 1889:

Having been appointed last October, by the Convention in session at Springfield, Ill., as Chairman of the Committee on Union between the Disciples and Free Baptists, and being unable, at this date, to present a full and regular Committee report, I wish to make a simple statement of facts over my individual signature:

1. I have been prevented from doing full justice to the duty which was assigned me by the fact that during the first half of the year I was overloaded with college work, and depended for a time on the summer vacation, and before the vacation came I was transferred to a new and more difficult department, the preparation for which crowded the entire vacation.

2. Some correspondence has been had, during the year, between members of our Committee and members of the Free Baptist Committee, several letters having been written on each side by different members.

3. It wi l be remembered that the basis of union agreed upon at Worcester, Mass., in 1887, and reported to the Convention at Springfield last October, was signed in behalf of the Free Baptists by the Chairman of their Committee only (Rev. J. L. Phillips, of Philadelphia), he being the only member of their Committee who was at Worcester.

4. Since the Convention of last October this basis of union has been submitted to the other four members of their Committee; one of the four has added his signature to that of their Chairman, Dr. George H. Ball, of Buffalo, N. Y.; the other three, Pres. O. B. Cheney, of Lewiston, Me., Pres. N. C. Brackett, of Harper's Ferry, W. Va., and Rev. J. T. Ward, of Jackson, Mich., while expressing sympathy with the efforts for union, have so far taken exception to some points in the basis drawn up at Worcester, that they have declined to add their signatures to the paper.

5. Whether their objections can be removed by any modification of a basis of union, which would be acceptable to ourselves, I am not prepared to say positively. Further correspondence might be necessary to settle that point.

6. I am inclined to recommend that a Committee be appointed to continue the correspondence and these efforts during the coming year, with the hope that valuable results may be reached for the cause of Christian union.

7. Should such a Committee be appointed by the Convention, I should prefer to be omitted from the list of the Committee, on account of my duties in connection with my change of department.

Asking pardon of the Convention for the informality or irregularity of this report, I am,

J. M. Atwater.

Garfield University, Wichita, Kan.

N. B.—The basis of union agreed upon at Worcester will be found in the Minutes of the Convention of last October.

## COMMUNICATIONS.

The Corresponding Secretary read a communication from our brethren in Ontario, Canada:

TO THE GENERAL CHRISTIAN MISSIONARY CONVENTION, ASSEMBLED IN LOUISVILLE, KY., OCTOBER 22–25, 1889:

*Beloved Brethren of the Lord, Greeting:*—In accordance with a resolution of the last Annual Convention of the Disciples of Christ, in Ontario, held in June, 1889, the undersigned were appointed as delegates to convey greeting from the Ontario Convention to the General Convention in Louisville. But as circumstances have denied us the great pleasure of looking into your faces, and of feeling personally the pulsation of the great heart of the Convention, we greet you by letter.

We extend our hand to you across a political boundary line, on one side of which is the great republic of the world, with its almost unlimited possibilities, and on the other side of which is a rising nationality within the world's greatest empire, which in language, literature, laws and free institutions is the mother of us all.

Yet, politically separated, we are one, as citizens, in the wide and ever-enduring kingdom of the King of kings; a kingdom that recognizes no boundary lines, save that between itself and the world which it seeks as a conquest for Him whose it is and whose right it is to reign.

We greet you as those who are *one with you* in the great plea of the pure and single faith of the New Testament gospel, and *one with you* in the necessity for a return to the unity of the people of God, *that the evangelization of the world may be accomplished.*

This is the recognized missionary age of the church, and from every quarter, and from almost every denomination, comes the call for unity, preparatory for the grand movement forward and final. This is the day for the disciples of Christ to practically manifest the full meaning of their movement—a pure gospel for the believer; a united church for the salvation of the world.

We rejoice with you that, in the States, you are practically demonstrating the force of this movement in your rapidly increasing numbers, the growing enthusiasm in mission work in home and foreign fields; and in this last our rejoicing is the greater, because we bear our share in contributing not only money, but men, well known and beloved as leaders in the army of the Lord.

While we rejoice with you in this work of love, we invite your sympathy and prayers in our own Ontario work. We have a Province three times as large as Kentucky, and much of it as rich and beautiful as the garden of the Lord, but our numbers, as people, are few; not more than five thousand out of a population of more than two million. Our work of co-operation is developing with great promise, and in another decade we hope to show a development for missionary interests worthy of the age. At present our Ontario interests demand nearly all our ability. Yet we have a great Northwest filling up with a population from Ontario, from Eastern Canada, from Europe, and from the States. We are trying to reach out into this rich land, but feel that we are very feeble, and earnestly invite the co-operation of the General Christian Missionary Convention wherever it is possible to reach over and unite with us in sustaining the work in those parts.

At our last Convention we had the almost inexpressible pleasure of the help and counsel of the Corresponding Secretaries of the General Convention and the Foreign Society Their presence was felt like an inspiration, and we hope such an interchange of helpers may be a common thing in the future.

In conclusion, we pray the blessing of the Lord himself on the labors of Louisville Convention of 1889; that its results may be felt in all the churches of your land; that they may reach over and stimulate our efforts in this Province, and that the heart of the combined Conventions may be felt in the outermost mission posts of the world. We invoke the invocation and benediction of the great apostle of the world's evangelization upon you—"The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Spirit be with you all."

J. R GAFF,
L. K. MURTON.

October 21, 1889.

The Corresponding Secretary also stated that communications have been received asking for assistance in the support of a General Evangelist in the Rocky Mountains States and Territories south of Oregon and Idaho; State Evangelists in Minnesota, East Tennessee, Alabama (white and colored), Northeast and Northwest Nebraska; and missionary pastors in Waupun, Wis.; Ashville, N. C.; East Saginaw, Mich.; Chattanooga, Tenn. (suburban work); Welmington, Dela.; Larned, Kan.; Griffin, Ga., and increased support for Lawrence, Kan., and Walla Walla, Wash.; also, from H. A. Leonard, U. S. Consul at London, Canada, asking us to assist in support of Bro. Black to hold a meeting there. All these communications will be presented to the Board for their consideration.

J. W. Jenkins then read a paper on Colored Schools and Missions.

TO THE GENERAL BOARD:

*Dear Brethren:*—According to instructions received from the Acting Board, through Bro. Moffett, I proceeded, September 18th, to spend one month in the South, looking up the needs and opportunities for mission work among the colored people. Their General Convention, which was announced to meet at Winchester, Ky., September 29th, was postponed until Thanksgiving Day. Various points in the South were visited for the purpose of conferring with leading preachers and business men. Colored preachers were consulted, and numerous letters were addressed to brethren in various parts of all the Southern States, for the purpose of obtaining information concerning the status of colored churches and preachers in those States.

Owing to the disorganized state of their churches, the amount of information and its reliability is not all that can be desired.

I visited the New Castle Bible College, near Eminence, Ky., and found A. I. Reed, a native of Jamaica, in charge. The property consists of eight acres of land and all the buildings necessary for the instruction and accommodation of one hundred and twenty students. The buildings are old, and an expenditure of eight hundred dollars will be necessary to put them in proper repair. Twenty-nine students were in attendance last year, six of whom are preparing for the ministry. At present this is a mixed school. It may be the best that can

be done, owing to the small number of students, but the race has not reached that plane of civilization that will admit of co-education when the college is in charge of one of their own color.

In company with Judge Cabaniss, of Clinton, Miss., I visited the Southern Christian Institute, and inspected the school and property of that institution.

This session of the school opened with twenty-three students, and others are expected after the cotton crop is gathered. Five students are preparing for the ministry, three of whom preach some. Bro. Hobbs and his efficient teachers are doing the best they can under the circumstances. Their usefulness is crippled for the want of funds with which to equip and run the school and farm.

The school building needs slight repairs, and a new dormitory is greatly needed. The plantation consists of eight hundred acres of land, and I regard it as one of the best farms in that part of the State. The best cotton I have seen this year was grown on this farm. Bro. Hobbs has produced this year two hundred and fifty bushels of corn, four thousand pounds of cotton, ten tons of hay, and two hundred dollars' worth of fruit and vegetaoles. There are several tenants on the farm, who pay about four hundred dollars in rents. As to whether this school shall be conducted on the present plan, or whether it shall be made a free school, is worthy of the most thoughtful attention of the Board of Trustees. The questions of climate, labor, money, markets and transportation of produce should be considered in deciding this matter. It is the oft-expressed wish of the Trustees of this institution that the General Board should take charge of the work.

In 1890 the census will show that there are seven and a quarter millions of colored people in this country, seven millions of whom are south of the Mason & Dixon line. Of this vast multitude, less than twenty thousand are members of the Church of Christ. The reason of this is plain: we have done but little to evangelize them. That this race within a race needs misson work among them, is apparent to all. That the Church of Christ ought to respond to their oft-repeated and earnest appeals for aid, none will deny. The only question should be, How best can the work be done? After investigating the matter, and counseling with numbers of our preachers who have have had this work on their hearts for years, I am convinced that the most direct and efficient method will be to select the best educated and most pious young men in their churches, and educate them and send them out as preachers to their own people. In order to accomplish this work I would recommend to this Board that they appoint a Superintendent of Missions and Schools among the colored people of the South, whose duty it shall be to raise an endowment for the Southern Christian Institute and New Castle Bible College, and direct evangelistic and mission work among the colored people. While it is best under nearly all circumstances to have colored preachers preach to colored people, their inexperience and distrust of their own color, and their lack of executive ability, suggests or makes it necessary that the Superintendent should be a white man. He should be a man who has the confidence of his own color, and who understands and can win the confidence of the colored people. It might be well to put the superintendent at the head of one of the colleges.

All of which is respectfully submitted.

Your obedient servant, J. W. JENKINS.

This was followed by the report of the Committee on Colored Schools and Missions, presented by D. R. Lucas, as follows:

## REPORT OF COMMITTEE ON COLORED MISSIONS AND SCHOOLS.

We, your Committee on Colored Missions and Schools, beg leave to respectfully submit the following report:

1. We desire to express our profound sympathy with every wise movement to educate and evangelize the negro race.

2. We believe the time has come for this Convention to take a more active and practical interest in this great work. To this end we recommend that the Board select and employ a Superintendent for this part of the work, whose duty it shall be to oversee the work among the colored people. He shall labor under the direction of the Board in this field, gather statistics, and take general oversight of the work. The desire expressed before the Committeee by representatives of the colored brethren, that a paper, devoted to their interest, be published, is one upon which we are not prepared to express an opinion, and we respectfully refer it to the Board and Superintendent for their consideration.

3. Inasmuch as the Corresponding Secretary of this Board holds ninety-five shares of the stock in the Southern Christian Institute, in trust for the G. C. M. C., we recommend that he investigate fully the status and usefulness of said institution; what, if anything, the Board can do to advance its interests, or to put the property to its best use, in the education of colored men for the ministry of the word. If it can be made serviceable for this purpose, we recommend that the Board appropriate a small sum for the support of Bible teachers. As the school at New Castle, Ky., asks our aid, we make the same recommendation in regard to the school as that of the Southern Christian Institute.

4. That the Superintendent shall look out from among the intelligent and pious young colored men—men who have a fair education and desire to preach the gospel—and, as far as possible, aid them in attending some one of our Bible Colleges, that they may fit themselves for the ministry.

5. We recommend the appointment of a committee of five to consider this whole question of Colored Missions, to report at the next regular meeting of this Convention.

Wm. Bowler,

The Committee on "Missionary Intelligencer" reported, through B. F. Clay, as follows:

## REPORT OF COMMITTEE ON MISSIONARY INTELLIGENCER.

Your Committee on Missionary Papers, after consultation with a similar Committee, appointed by the F. C. M. S., have agreed to the following report:

1. We recommend the continuance of the past policy of the Convention in publishing a missionary paper.

2. That the three Missionary Societies unite in publishing such a paper on such terms as may be agreed upon by their respective Boards.

3. That we think it wise that such papers should be mailed directly to individuals, instead of in bulk (to congregations), as heretofore.

4. That it it be so circulated as to reach, as far as practicable, those among our people who are not now interested in missionary work.

5. That it be made, as far as practicable, self-supporting, by subscriptions and advertising.

A. I. Hobbs reported from the Committee on General Evangelist for the New West. The consideration of this report was postponed until 2 P. M., when the Convention could hear W. F. Cowden on this subject.

## REPORT ON GENERAL EVANGELIST.

Your Committee on Evangelists for the New West beg leave to report:

Whereas, the rapid occupation of the vast region called the New West, and the building up of important commercial, social and religious centers, demand immediate and energetic efforts to take and hold them for Christ, especially in view of the fact, in the near future, many millions of people will be organized into new States, and that one dollar spent now will be equal to large sums when society and its institutions shall have become settled, and the large number of Disciples even now there, and the many more to go, shall have been lost to us unless they shall be properly cared for; therefore,

We recommend that the Board employ two evangelists, one to be located in the Northwest, and one in Colorado, who shall have assigned to each definite territory to work, and that they shall as rapidly as possible seize the strategic centers and organize congregations, secure pastors, solicit donations of property in rising towns and cities, and generally superintend the work of church extension.

## REPORT OF THE COMMITTEE ON CHURCH EXTENSION FUND.

We, your Committee on Church Extension Fund, take pleasure in reporting as follows:

1. We believe the Convention and the whole brotherhood are to be congratulated upon the steady growth and enlarged usefulness of the Church Extension Fund. We regard it as a work of very great importance and believe it should enjoy the support of the Disciples everywhere.

2. We recommend that they make special preparation for Church Extension Day, the second Sunday in January, and that all earnest efforts be made to secure a liberal offering in all the churches.

3. We recommend that the Board of the Church Extension Fund adopt a liberal policy in advertising their work, in order that the churches everywhere may take a deeper interest in it.

4 In lieu of the appeals heretofore made through our journals and churches, we recommend that all churches asking aid shall do so through the Church Extension Board.

5. We commend the careful business methods adopted by the Board.

## REPORT OF THE COMMITTEE ON WAYS AND MEANS.

Your Committee beg to report as follows:

That the thanks of this Convention are due the Board of Managers for the very efficient management and largely increased work of the past year.

2. That this Convention pledges the incoming Board its hearty sympathy and cordial support in every effort to carry forward the work in the accomplishment of a more extended work in the future.

3. That, recognizing the fact the Financial Agent appointed during the past year has rendered valuable aid in bringing success to the work of the Board, your Committee recommends the continuance of one or more such agents, at the discretion of the Board.

4. That the churches be requested to make but one collection a year for the use of this body, and that the first Lord's day in May be the time for such collection.

5. That the Sunday schools be requested to make a collection for the use of this body the first Sunday in December.

6. That letters be written, enclosing a showing of the work done by this body for the past year, to all the pastors, as far as possible, with the request that one or more sermons be preached, looking to the education of the churches along the line of work undertaken by the Board; that such letters be sent about the time for taking the collection.

7. That we especially commend the importance of securing a more uniform and general co-operation of the entire brotherhood in raising the money for this great work. That active steps be taken at once looking to the adoption of what is known as the "Apportionment Plan" for raising this money. That such a plan will, in the judgment of the Committee, not only greatly strengthen the treasury, but make the work of this Board what it should be, a model for collective and individual church work in this line.

That last, but by no means least, we recommend the continued, earnest prayers by every friend of the work to the Heavenly Father for his blessing in an increased knowledge and interest in the work and for his guidance and blessing on all the efforts that shall be put forth in the future.

## FRIDAY AFTERNOON.

The Convention opened with a service of song, the devotional exercises being conducted by A. B. Maston, of Australia.

The report of the Committee on Western Missions was taken up, and W. F. Cowden addressed the Convention on "The New West as a Mission Field," followed by Brethren Sherrard, of California; Hoffman, of Missouri, and Lhamon, of Minnesota.

Bro. Vawter asked to be excused from delivering his address, and on motion he was asked to furnish it for publication in one of our church papers.

Bro. Sherrard reported from the Committee on Tract Distribution, as follows:

### "TRACT DISTRIBUTION."

We, your Committee on Tracts and Tract Distribution, beg leave to report as follows:

We recognize the tract as an important factor in the dissemination of religious truth; that its influence, like the dew, though silent, is potent for good: it is the friend of the pastor, the evangelist, the teacher, and the humblest workers in the cause of Christianity. It reaches men upon the crowded thoroughfare, in the business circles, and around the hearth-stone; and we need and could use many more than we now have to good advantage; but in view of the many important interests now before the Convention, and the churches demanding their support, we suggest:

That the General Board of the G. C. M. C. take the matter in hand, and see to the issuing of such tracts as they may deem best, and to pay for the same out of the funds in their possession.

### REPORT OF COMMITTEE ON RESOLUTIONS.

Your Committee on Resolutions beg leave to submit the following report:

*Resolved*, 1. That it is our duty and pleasure to humbly acknowledge the goodness and mercy of Almighty God for granting us the great joy and profit of this splendid Convention, and for its marvelous results.

2. That we express our most hearty thanks to the First Christian Church of Louisville, and its excellent pastor for the use of its beautiful edifice for the different sessions of this Convention, and for the arduous labors of these brethren in our behalf; and that we record our gratitude to the churches and citizens of this city for the cheerful entertainment and princely hospitality which we have enjoyed at their hands.

3. That we record our appreciation of the labors of the presiding officers of this Convention, the secretaries, the sisters, and the various committees who have put its work in shape, and the speakers who, at expense of money and time and thought, have come here to give us the benefit of the excellent addresses to which we have listened.

4. That thanks are due, and are hereby expressed, to all of the different railway lines which have granted reduced rates of transportation to the delegates and visitors of this Convention; and to the newspapers of Louisville and elsewhere for the full and accurate reports have given of our proceedings.

5. That it is the mature conviction of the Christian workers of this Convention that the liquor traffic is one of the greatest hindrances to the spread of the gospel, the purity of the churches, the material and moral welfare of the people, and as such it is our most sacred duty to oppose its deadly influence, and to seek its entire suppression by such means as, in our judgment, may prove most effectual.

The following resolution was presented by J. G. Waggoner, and adopted:

*Resolved*, That the Secretary be authorized to properly reply to the letter to our brethren of Ontario, giving them our cordial prayers and good will in the work of the Lord.

The following resolution was presented by Bro, Sharrard, and after being discussed as foreign to the purposes of our Convention, was adopted by a rising vote:

*Resolved*, That we sympathize with the efforts of the Anti-tobacco Society and all other efforts that are now being made to eliminate the use of tobacco from society, and that we especially recommend that all preachers abstain from its use.

## REPORT OF THE BOARD.

DEAR BRETHREN OF THE CONVENTION:—This is the fortieth anniversary of this Association. We are devoutly thankful to the Father of all mercies for the blessings which have crowned all our years. We are but feeble instruments in his hands; yet, as co-workers with him, we rejoice that our "labor is not in vain in the Lord." The monthly meetings of your Board have been well attended, and the business brought to our attention has been prayerfully considered. One of our number, Jacob Burnet, was called from labor to rest and eternal reward in March, and the vacancy was filled by the election of F. B. Walker, pastor of the Richmond Street Church, Cincinnati. Later, S. G. Boyd, of Covington, resigned, and the vacancy was filled by the election of Walter S. Priest, pastor of the Fourth Street Church, Covington, Ky.

During the year we have added new missions and missionaries, as follows:

Anniston, Ala., A. R. Moore; Sioux Falls, Dak., and Rock Rapids, Iowa, J. C. Stark; Evangelist in Florida, R. A. Hopper; Macon, Ga., W. R. Spindler and V. W. Dorris; Evangelist in Indian Territory, W. B. Stinson; Evangelist in Oklahoma, J. F. Tout; Kansas City, Kan., J. M. Dunning; Clay Center, Kan., H. E. Ballou; New Orleans, La., J. B. Inman; Rochester, N. Y., O. G. Hertzog; Portland, Oregon, A. Erickson (Swede); Bay City and vicinity, A. Holmgran (Swede); St. Louis, Mo., H. F. W. Kuhne (German); Silverton, Oregon, B. F. Bonnell; Houston, Tex., J. C. Mason; San Antonio, Tex., J. A. Stevens; Laramie, Wyoming, Chas. Rowe; Walla Walla, Wash., T. M. Foster; Huron and Aberdeen, Dak., H. D. Williams; Collingwood, Ont., through Ontario Board, C. Sinclair; Evangelists in Dakota, Updike and Hawes; General Evangelist in the far West and Northwest, W. F. Cowden. In all, twenty-two.

We have engaged to support new missions, beginning October 1, viz: East Portland, Oregon, R. M. Messick; Seattle, Wash., J. S. McCallum; Evangelist in Southwest Nebraska. W. H. Winters; Brooklyn, N. Y. (Green Point), W. A. Belding; Richland Center, Wis., Milton Wells. We have in contemplation the employment of missionaries at Salt Lake and Ogden, Utah; Boise, Idaho, and Buffalo, Wyoming.

Changes in our working force may be noted as follows: Brethren Cocks, Starke, Errett, Lotz, Willis, Sicafoose and Brokaw resigned the work in the fields where they labored last year, and we substituted A. J. White at Atchison, Kan.; G. G. Hamilton at Rochester, Minn.; J. B. Johnson, and later, L. T. VanCleave, at Walnut Hills, Omaha, Neb.;

B. J. Dillon at Watertown and Virden, Dak.; G J. Ellis at Knoxville, Tenn.; M. F. Redlein at Tacoma, Wash.; and John R. McKee at Milwaukee, Wis. Thos. H. McMullin, of Phœnix, Ariz., and Wm. Irelan, of Lawrence, Kan., resigned early in the summer, and their successors have not been chosen. R. E. Swartz began work in New Orleans, October 1, vice J. B. Inman, deceased. A synopsis of the work accomplished by each of the pastors and evangelists will be found in the table appended to this report.

We submit a brief review, as follows:

## ALABAMA.

Bro. VanHook has been employed during the year at Birmingham. He writes:

"I have spent the year mostly in this city. There have been added to this church, and others where I have held meetings, 42 by baptism and 57 otherwise. I held and assisted in holding meetings at Montgomery, Blocton, Laudersdale, Huntsville and Millport. At the last named place we organized a small congregation. It is new and rapidly growing town, and the prospects for a large church are very encouraging.

"In this city we have paid off most of our church debt, and have added, in North Birmingham, a neat and commodious house of worship, worth about $1,500. I will not continue my labors here beyond October 1. The church will need an active, energetic pastor to press forward the work to the desired success."

A. R. Moore began his labors in Anniston, a large and rapidly growing city, the last week in December. He says:

"The record of the year thus far is as follows: Sixty-eight accessions have been gained from all sources, making our present membership 152. We have set in order the things that were wanting in the official management, have seated and painted the church, and put in gas fixtures at a cost of over $300.

"The Sunday school has nearly doubled, with corresponding increase of efficiency. Our progress justifies the wisdom of the G. C. M. C. in selecting this city as a mission point, and we all feel grateful for the timely aid."

J. N. Grubbs reports labors at Plantersville, Smith's, Cambridge, New Hope, Cleveland Mills and Richmond, adding 48 to the church, and organizing one church. Two new houses have been erected. He reports the prospects more flattering than for years.

## ARIZONA.

Thos. H. McMullin continued his labors at Phœnix until June, when he was compelled to resign on account of failing health The church here now has a membership of 52, and a Sunday-school of 40. They are making commendable progress, but feel greatly the need of a pastor. The Board ought to add two more workers in this field. The valley in which Phœnix is situated is one hundred miles long, and rapidly being filled with an enterprising population.

## COLORADO.

The Corresponding Secretary, J. N. Hill, writes:

"The State Board has used your offering and our own collections, in aid of a few weak churches. W. H. Winters was emplyed to take

charge of the work at Sterling, and J. E. Willis at Canon City, and the results have been satisfactory. In February, C. A. Stevens was sent to Walsenburg, county-seat of Huerfano County, and organized a church with 22 members. In June he spent two weeks in La Vita, same county, and organized another church with 22 members, and secured, in both places, $700 in pledges to support a pastor. R. O. Charles is now doing good work there. Later, Bro. Stevens was sent to Pagosa Springs, county-seat of Archuleta County, where an organization will be effected soon. Already lots and 5,000 bricks have been donated for a house.

"Owing to our late beginning, we have not done much, but what has been done is of a substantial character. Next year we will employ an evangelist.

"The State Board has raised, during the year, for the support of missionaries, $570; and the missionaries raised in cash and pledges, in their several fields, for local work, $2,400. Unpaid pledges, for missions, $2,275."

## DAKOTA.

R. L. Lotz closed his labors at Watertown the 1st of November, and was succeeded, December 1, by B. J. Dillon, the latter closing his labors August 1. He gave one-fourth his time to Verdon, and held meetings at Bradley and Andover. He reports, as the result of his labors at both places, 26 baptized and 4 other accessions. A church has been organized at Bradley. J. V. Updike and J. E. Hawes held a meeting at Watertown in July—twenty-nine days—and baptized 53, and received 9 others into fellowship. They also held a meeting at Huron—twenty-eight days—resulting in 30 baptized, 38 other accessions, and a church organization. The Board has employed H. D. Williams to look after the work here and at Aberdeen. F. M. Collins labored as evangelist and regular preacher in Central and Southeastern S uth Dakota. He visited Aberdeen, Huron, Olivet, Altoona, Devoe, Parker and St. Lawrence. He was actively in the field one hundred and fifty-three days, baptized 35, added 24 others to the churches, and organized churches at Aberdeen and Devoe. He received from the field $203, of which he spent $158.30 in traveling expenses. J. C. Stark was sent to Sioux Falls, Dak., and Rock Rapids, Iowa, February 1. He held a meeting in Rock Rapids, and organized a church of over 40 members. He has also given some attention to work in the vicinity, especially at Lester, six miles east of the Rapids, where another church will be organized soon. He has given three-fourths of the time to Sioux Falls. The church there is full of zeal and liberality, and manifests it by building a house of worship commensurate with the needs of a growing city. They will be ready to dedicate early in November. This church feels confident that it will not need our assistance beyond the second year.

## FLORIDA.

R. A. Hopper spent three months evangelizing in this State. He held meetings at Hampton, Starke, DeLand and Kissimmee, adding 22 to the churches. At the last named place he organized a church of 19 members. The Board has employed him to spend six months there as an evangelist the ensuing winter.

## GEORGIA.

The church at Macon has been assisted by the Board since January 1, when W. R. Spindler was sent there to labor six months. During his stay improvements were made in the way of fitting up the house of worship for more comfortable use. He gave one-fourth his time to Toombsboro. V. W. Dorris, of Kentucky, succeeded him July 1, and has been giving a portion of his time to Eastman and Orphan's.

During the nine months there have have been added 8, increasing the membership to 27. This is a small church; but four years ago there were only 4. The Sunday-school has 23 enrolled. Macon is a large and thriving city, where long and patient toiling will be rewarded by the development of a large and flourishing church.

## INDIAN TERRITORY.

The Board sent J. F. Tout to labor as evangelist in Oklahoma, August 1. He writes:

"On April 22, this Territory, of less than 30,000 square miles, was opened to settlement, and not less than 30,000 settlers took possession immediately. Missionary work was demanded at once. I began work in Guthrie—destined to be the capital of the Territory. An organization has been effected of 19 members, and many others, working with us, are waiting for the arrival of their families before putting in their letters. A good Sunday-school is also in progress. Lots have been secured, and we hope to have a house of worship by January 1. When this is done, we hope the Board will be able to employ a man for all his time, and allow the evangelist to answer many urgent calls. I think churches can be established in a dozen towns within a year. We pray that the churches will put it into the power of the Board to help liberally all inviting fields, especially those in this new Oklahoma."

The Board has also employed W. B. Stinson, of Texas, to labor in the Cherokee Nation as evangelist. He began work about the middle of May, and has held meetings at White Oak Hills, Vinita, Hall's School-house, Brink School-house, Dobbin's School-house and Chelsea; added 37 by baptism, and 13 otherwise. Regular meetings are held at White Oak Hills and Dobbin's School-house.

## KANSAS.

H. E. Ballon was employed to give one-half his time to the church at Clay Center, with a view to putting the cause there on its feet. The Kansas State Board joined in his support. The church property, which was in danger of being lost on account of debt, has been secured, and the work is prosperous beyond the expectations of the brethren.

Henry Cocks closed his labors at Atchison, January 1, and was succeeded by A. J. White. Bro. White reports over 104 baptized and 58 other accessions, and a net gain of 119, and that they will be self-sustaining after January next. The Board has been assisting this church about eight years.

Wm. Irelan, missionary at Lawrence, resigned May 1, and his successor has not been selected. During his services, 29 were added to the church. The membership is now about 240, and the Sunday-school 80.

Since the middle of October, J. M. Dunning has been employed at Kansas City, Kan., sustained by the church, the State Board and the

General Board. He reports 41 added, and progress made in the building of a house of worship. The prospect for building up a large congregation in this growing city is very encouraging.

## LOUISIANA.

J. B. Inman was sent to New Orleans the 1st of January. His last report showed an increased attendance, and he expressed himself as "very much encouraged about the work." He set about the work of a pastor in great earnestness. He was a pure-hearted Christian and excellent preacher, and was winning his way to the confidence of the church and people, when the Lord called him to come up higher and to rest from all earthly toil. We have engaged R. E. Swartz, of Hagerstown, Md., to succeed him. New Orleans is a great city, with many obstacles to success. We need a good large church there, not only for the people of the city, but also as a radiating center for a great State, where our churches are few and feeble.

## MASSACHUSETTS.

E. W. Darst writes from Boston:

"We feel that the Lord has blessed our work in the Boston Mission this year. The progress we have made is reasonably good, and the prospects for the future are bright. We nowhave an enrollment of 320. We have added during the year 101—sixty-one by confession and baptism, and there are 5 more to be baptized. We have made a net gain of 86. Sixty were added during a meeting held by J. H. O. Smith, of Indiana. We think it was an excellent meeting, the influence of which will never be lost to the church. Our membership is very much scattered, not only throughout this city and suburbs, but also in other towns as far as Springfield, and we have members in Rhode Island, New Hampshire, Maine and the Provinces. This scattered condition makes attendance at the meetings irregular and difficult.

"I have been preaching on Sunday afternoons in North Somerville, where four have obeyed the gospel, and am now engaged in a meeting there. There is great demand for this kind of work, and many places where missions could be established, if we had men and means to do the work.

"We have raised and expended for interest on debt, protracted meeting and church and Sunday-school expenses, $2,050.23, and have contributed to our several missionary boards $156.61. The work is prosperous in all departments. The young people are zealous, and a healthy missionary spirit pervades the church. We expect to make the coming year one of heroic effort, and we believe the Lord of harvests will bestow upon us his blessing."

We have not succeeded in raising any considerable sum to apply on the debt. As stated last year, we were compelled to borrow money to make up a deficit occasioned by the failure of subscribers to meet their obligations. There yet remains unpaid $225 of the pledges made three years ago. The debt out of the way, the church there will be able to carry a large share of the pastor's salary.

## MINNESOTA.

As stated elsewhere, G. G. Hamilton began his labors at Rochester, January 1, and set his hand and heart and voice to enlarge the work in

this important place. He was cut down the middle of May, before he had realized results from his faithful labors.

## MISSISSIPPI.

The Board assists the Mississippi Missionary Convention in support of the State Evangelist. The State Board sends the following brief summary:

"The work in Mississippi is moving along beyond all expectations. New congregations are being formed and organized, meeting houses built, and practical steps taken to make the work permanent. Through the labors of the State Evangelist, Bro. James Sharp, five new organizations have been formed during the year, four houses of worship in course of construction, three others completed and in use, several thousand dollars raised for this purpose, and, besides this, 72 have been added to the churches.

"The State has been divided into four districts, and evangelists employed to labor in three of them. This is a grand forward movement, and although the treasury of the M. C. M. is no larger than last year, these brethren are determined to make a forward movement. In this they deserve praise.

"A Ministerial Aid Fund has been started, and one thousand dollars secured as a starter. Mississippi is determined to have more preachers, and believes in having the best she can afford. This fund will be a loan fund to enable indigent young men to obtain an education that shall fit them to rank with the best.

"In addition to the above, the following was reported to the M. C. M. C.: Total number of additions, 273; total new organizations, 9; total new houses of worship, 7; total Sunday-schools organized, 7; amounts raised for building, $6,000.

"From this it will be seen that the work in Mississippi is in a healthy and prosperous condition, and though it needs support to establish the work firmly in its district and State movements, it will soon be not only self-sustaining, but able and willing to bear its share in the work of gaining the world for Christ."

## NEW YORK.

The Board is assisting in the support of O. G. Hertzog, who is laboring in behalf of the Rochester Mission. He reports as follows:

"Rochester is a city of 132,000, in the richest portion of the great Empire State. But little more than three years have elapsed since the first effort was made there among us to plant a church. The work has been prosecuted at great disadvantage, as the meetings have been held in different halls. There is now in the city a membership of 60; 85 have been enrolled in all, 25 of these going to other sections to swell the number of Disciples.

"An eligible lot has been purchased and paid for at a cost of nearly $3,000, and a commodious house of worship is in process of erection, well suited to all classes of city work. The chapel is nearly ready for occupancy, and the main building is enclosed and will be opened some time in December. The edifice, when furnished, will cost $10,000. About half the cost of building has been provided in money and pledges. A loan of $3,000 has been secured at five per cent. There yet remains $2,000 to be provided for.

"Among the active forces of the church are a Young People's Society of Christian Endeavor, a Sunday-school and Bible class, a Ladies' Aid Society, and an interesting prayer-meeting. The increase during the year has been twenty-five per cent. With the increased facilities for labor in the new church, there is every reason to believe this work will take front rank among our missions. It deserves the fostering care of this Society and of the brotherhood at large."

The Board has agreed to co-operate with the Brooklyn Church in support of a mission at Green Point, a suburb of that city. They have employed W. A. Belding to take charge of the work there, and he entered upon his labors October 1.

## NEBRASKA.

W. T. Maupin continued through the year as missionary and pastor at Hastings. The Nebraska Board, having refused to co-operate with us to the extent of last year, he was compelled to spend one-fourth time at Kearney. Bro. Maupin writes:

"We have been greatly hindered in our work in Hastings on account of lack of a suitable place for our meetings. We have changed our place of meeting three times during the year. This difficulty will be overcome by our new house of worship now nearing completion.

"I have labored continuously here and at Kearney. Eleven have been added here, and 15 at Kearney. I assisted the church at Kearney in procuring subscriptions and plans for a house of worship.

"Hastings has raised for current expenses, $302.60; for building, cash, $619.19, and pledges, $550. We believe we are making progress, and hope the G. C. M. C. will continue to help us in building up the cause in this growing city."

J. B. Johnson began work at Walnut Hills, Omaha, the middle of October, and resigned July 15, when L. T. VanCleave was engaged to fill out the time. Bro. Johnson reports 53 accessions during his labors. The membership is now 75. He says:

"Many of the additions are people of such character as will give standing and influence to the church, and there will be a grand future here, if certain obstacles can be overcome."

## OREGON.

The Board appropriated funds to assist in the support of A. Erickson among the Swedes of Portland. We have not received his report.

We have also engaged B. F. Bonnell to labor at Silverton. He began his labors August 1. Already they have uncertaken to build a house of worship, and think our aid will not be needed the ensuing year.

R. M. Messick began labor in East Portland, October 1. Portland is now, and probably will always be, the chief city of Oregon. The importance of establishing strong churches in Portland and East Portland can not be overestimated.

## SOUTH CAROLINA.

The Board appropriated funds to assist the South Carolina Board in support of their State Evangelist. Reports for nine months show that their evangelist added about 159 to the churches, and organized four new churches. The Secretary says there are twenty-five counties in that State where our preachers have never been heard, but the outlook

is better than for many years. The churches are few in number and poor in purse.

## TEXAS.

We have added Houston and San Antonio to our list of missionary stations, sustained by the State and General Boards. J. C. Mason began labor May 1, at Houston, a city of forty thousand people. He writes:

"I found 30 members united and willing to work, but somewhat discouraged on account of repeated failures to keep up regular preaching. We now have 42, full of determination, and above the average for intelligence and liberality. Our audiences are increasing. At present we meet in a comfortable hall, centrally located. A suitable lot for building will cost $4,000. We have started a lot and building fund, which we hope will grow steadily until we shall own a house of worship. The brethren here are very grateful for the aid received from the Conventions, and hope to be able to establish a church which will, in time, repay in kind the favor granted."

Bro. J. A. Stevens began at San Antonio, September 1. San Antonio has a population of fifty thousand, and a small church little known to the people of that large city.

## TENNESSEE.

The Knoxville Church was unable to secure a successor to Bro. Willis until March, when G. J. Ellis accepted a call to serve them. He labored until August and resigned, since which time S. T. Willis has been supplying the pulpit. The church has about held its own during the year. They are yet in debt for their new building, and growing discouraged over the financial outlook.

It seems very probable that the Board will find it necessary to increase the appropriation for this important center. The city is growing very rapidly, and the church should grow correspondingly.

## WASHINGTON.

During the year Linus Rogers has served as evangelist in Northeastern Washington, chiefly in Spokane County. Reports up to June 1, show that he held meetings at Cheney, Medical Lake, Deep Creek Falls, Stevens, Spring Lake, Sprague, adding 55 to the churches. They are building a house of worship at Cheney, and probably will begin one soon at Deep Creek Falls. He also visited Moscow, Idaho, a town of 3,000 inhabitants, where is located the Idaho University, and where we have a small church of 40 members. He emphasizes the need of placing at this point a scholarly and able preacher—one equal to the occasion in this educational center.

S. B. Letson continued his labors through the year at Spokane Falls. Reports for the year show an increase of 86, with a membership of 164, and an average attendance at Sunday-school of over 100. They have started a mission in the East End, with encouraging success. They have also a Society of Christian Endeavor, with 60 members.

K. H. Sicafoose continued as missionary at Tacoma till June 1. During his services 40 were added there and at Orting. M. F. Redlein succeeded him early in June, and 25 have been added since. The present membership is 178. The Sunday-school has a regular attendance of 60, and is growing. They have also a Society of Christian Endeavor.

The church is now out of debt, and will be self-sustaining after this year. They are contributors to all our missionary enterprises. Tacoma is a great city of 30,000 people, where the usual difficulties must be overcome ere the cause reaches its highest prosperity.

T. M. Foster, of Georgia, entered upon the work at Walla Walla, January 1, where there is a small church of 53 in a large and promising city. Bro. Foster writes: "The church was in a low condition when I came; not much wealth, and the members not trained to give. The church is now on higher ground, and will do better in the future." Bro. Foster resigned his position October 1, and will return to Georgia.

J. S. McCallum, of Indiana, has been sent to Seattle. He begins his labors there October 1. Seattle, Tacoma, Spokane Falls and Walla Walla are the strategic points of this new State. From these important centers we may expect influences for the good of the cause to radiate into all sections. Very much of the future character of the work in Washington will depend upon the wisdom and liberality of the churches in these important cities.

## WYOMING TERRITORY.

Chas. Rowe writes from Laramie:

"I commenced my labors on the first Lord's day in September, 1888. I found nine members. We now have 34. In all, by myself, Bros. Fishback and Cowden, 175 sermons have been preached. This shows a large amount of labor for small results. We have a successful Sunday-school. Few as we are, we have raised about $1,000 for carrying on the work. We will enter on the labors of the next year with increased hope."

## WISCONSIN.

G. L. Brokaw resigned the work at Milwaukee March 1, and was succeeded a month later by John R. McKee. The church has made some progress during the year. The present membership is 47. The church has called Bro. McKee to serve them a year, beginning with October 1. The audiences are increasing, and the church is hopeful that faithful sowing, patient toiling, and prayerful waiting, will bring an abundant harvest after while.

## GENERAL EVANGELIST.

In harmony with your action of last Annual Convention, urging "the employment of a general evangelist as soon as practicable to superintend the planting of the cause of Christ in Western fields," we employed W. F. Cowden, of Pennsylvania. He entered upon the work the first of June. He has visited Washington, Oregon, Idaho, Utah, Wyoming and Colorado. He was, by invitation, the chief speaker at the annual camp meeting at Turner, Oregon, from the middle of June to the close. He visited Portland, Corvallis and Jaquina City in Oregon; Spokane Falls, Tacoma, Seattle, Waitsburg, Sumner, Puyallup, Ellensburg, Yakima and Walla Walla, in Washington; Star and Boise, in Idaho; Salt Lake City and Odgen. in Utah; Cheyenne, Laramie and Buffalo, in Wyoming; and, under the direction of the Colorado State Board, spent a month in that State. He has commended to our favorable consideration East Portland and Silverton, Ore.; Seattle, Wash.; Boise, Idaho; Salt Lake City and Odgen, Utah; and Buffalo, Wyo., where he found brethren ready to supplement our efforts to build up

the cause. We have already provided for East Portland, Seattle and Silverton, and have under favorable consideration the support of missionary pastors at the other places named. He secured nineteen life memberships in the Northwest, and collected in cash for renumeration and expenses up to September 26, $506.80.

There can be no doubt about the value of the services of one or more general evangelists for the vast territory west of the Missouri River. Bro. Cowden has demonstrated the wisdom of this step. The great obstacle in the way of the best success will be found in the inability of our treasury to support the enterprises which the General Evangelist may set on foot and commend. Already the ground convassed calls for an outlay of over $3,000. At none of the points visited did he find the brethren able to meet the expenses of carrying on the work. On an average, they are able to meet us about half way. Our whole annual income for the past seven years is insufficient to support the work as it ought to be supported in any one of the States or Territories visited by our Feneral Evangelist. Our hope is that his labors will discover the great needs of the field, and his reports reveal to our people the quality of the opportunities which must be seized to-day, if we will lay solid foundations for the future, and so stimulate a more liberal support of our home missionary work. We ask that Bro. Cowden be given an opportunity to set forth the value of these opportunities, and their relation to this general superintendency.

## COLORED MISSIONS.

Your Board has also felt the need of a general superintendent of missions and schools among the colored people of the South. We are cons antly receiving appeals for help from these most helpless of our citizens. We find it difficult to select men for such work as will be profitable and permanent—as also to select fields where there is promise of permanent success. We are not acquainted with our colored ministers. We know little of their standing and qualifications. We have also the persuasion that they need some one to show them how to help themselves to the best results of church and missionary work. We need a white brother in whom we can confide, and in whom the colored people can confide, as a superintendent of such missions and schools as we may wish to establish. He would need to spend a good portion of his time raising funds for this special work. In order to bring this subject before you, we commissioned J. W. Jenkins, late missionary to Jamaica under the auspices of the C. W. B. M., to give a month in visiting the white and colored brethren of the South, with a view to ascertain the facts which may warrant the employment of such general evangelist among colored people. We ask that his report be heard.

While on this subject permit us to say that we have done nothing this year in the way of supporting colored missions. We have received some money for the education of colored men for the ministry, and have spent it as the donors directed, in aiding the young men in the Southern Christian Institute. During the year, ninety-five shares of stock in this sch ol have been transferred to the Corresponding Secretary, in trust for the General Christian Missionary Convention. The books show that 246 shares have been issued in all; but the shareholders generally pay little attention to the election notices, so that possibly, with ninety-five shares, this Convention can always control the

election of Trustees. Bro. Belding assures us that with little effort nearly all the shareholders can be induced to transfer their shares to us.

We can never achieve valuable results among the colored people without educated teachers and preachers. We have received communications urging the Convention, as such, to inaugurate a school work among them, and to begin with a liberal support of the Southern Christian Institute. Others have urged that the work could be better done by the Convention establishing a separate Board or Commission, which shall have charge of colored missions and schools, and report annually to this body. We refer the subject to you for your prayerful consideration.

We present the following

## SUMMARY OF LABOR AND RESULTS.

| | |
|---|---|
| Number of men employed in whole or in part | 52 |
| Number of days' labor | 10,306 |

## STATE ORGANIZATIONS.

We have reports from eight of the State organizations, and these exhibit an average increase above the work of last year. We refer you to the table to be published in the minutes of this Convention for the complete returns. Last year (1888) the home missionary work, under the auspices of the State Associations, was set forth in the table aggregating:

| | |
|---|---|
| Number of men employed for whole or part time | 223 |
| Number of days of labor | 34,635 |
| Number of sermons | 26,540 |
| Number of baptisms | 8,520 |
| Number of other accessions | 5,107 |
| Number of churches visited and assisted | 2,005 |
| Number of new and unorganized places visited | 280 |
| Number of new churches organized | 147 |
| Number of churches assisted in building | 68 |

| | |

| Amount collected by State Boards | $ 97,416 81 |
| Amount collected by District Boards | 34,738 00 |
| Amountod collected same year by General Board | 27,161 22 |
| Total collection in 1888 for home missions | $159,315 03 |

Adding the work of the General Board for the same year, we have an exhibit of labor representing 112 preachers for all their time, 8,837 baptisms, 5,579 other accessions, and 158 new organizations. We think the reports of the year now closing will exhibit considerable increase. These facts commend, with immense emphasis, the wisdom and value of organized missionary work.

We submit the Treasurer's report, including the report of Treasurer of Church Extension Board, corresponding with this statement.

We have also received, not included in the above account, Muhlenburg (Ky.) bonds, face value, $2,500, and coupons of unpaid interest for fifteen years; quoted value in the market, $750—one-half to go to support Home Missions, one-fourth to Constantinople mission, and one-fourth as the Convention may direct. These came from the estate of Mrs. Paulina Crawford, Shelbyville, Ky. Of the balance in Missionary

Fund, $5,000 has been appropriated to the building of a house of worship in Ann Arbor, Mich., where the Christian Woman's Board of Missions have established a misssion. They have pledged themseves to complete the house, and to support the mission until it reaches a self-sustaining condition.

Of the Missionary Fund, $5,149.70 came from the estate of Mrs. S. H. Scott, Detroit, Mich.; $50 from the estate of Elijah Carson, Cadiz, O.; $393.25 from the estate of John Gagan, Gallatin, Mo.; $100 from the estate of Mrs. Lettie Rawlings, Hiawatha, Kan.; $27.21 from interest on Metcalf Loan Fund, and $100 from Trustees Christian Hymn Book.

Of the Ministerial Relief Fund, $1,716.36 came from estate of Mrs. S. H. Scott, and $50 from estate of Elijah Carson.

Included in the Missionary Fund will be found $9,746.69 received by our missionaries from their several fields of labor. Only six States contribute a percentage of funds raised by State agencies, viz.: Missouri, Ohio, Illinois, Kansas, Nebraska, Minnesota, and North Carolina.

For classified receipts by States, see page 36.

We have received $20,147.94 more than last year. Deducting from the receipts of the years 1888 and 1889, the receipts of each year from bequests and from the mission stations, we have for 1888, $20,336.28, and for 1879, $30,103.18, showing an increase of $9,766.90 over last year from churches, Sunday-schools, individual donors and interest.

## COLLECTIONS.

We called for two collectious from the churches and one from the Sunday-schools during the year. In December, the churches answering our appeal sent us about $600, and the Sunday-school about $350—first fruits of an effort to establish a Children's Day for Home Missions. Our May collection resulted in $6,791.67, of which $5,515.20 came from churches and a few Sunday-schools. This is by far the largest amount raised, in a single collection, by this Association. This result is due to the growing missionary spirit among our people, to the extra interest our editors took in lending and using their columns for forceful exhortation, to the wide circulation of our needs in the *Missionary Intelligencer*, and to the influence of many of our preachers, who, in answer to a request sent out by one of our papers, at its own expense, pledged themselves in advance of collection day to give personal attention to the subject in the churches where they ministered. We hope the lesson is not lost, and that the next May collection will be a "red letter" day in the history of the coming year.

In view of our making December 1 the "Children's Day for Home Missions," we do not think it wise to appeal to the churches on the same day. Better one day and a good collection than two with poor results. We have already made arrangements to enlist the Sunday-schools in another effort to help us in our home missionary work, and we look for a greatly increased offering the first Lord's day in December.

## FINANCIAL AGENT.

In harmony with our recommendation of last meeting, we employed J. M. Tennison, of Missouri, to serve as Financial Agent. He began his services January 1, and has canvassed many churches in Kentucky, Indiana, Illinois and Iowa. He reports pledges amounting

to $15,382.49, the most of it payable in five annual installments. He has labored nine months at a cost for salary and expenses of $1,136.27—about seven and one-half per cent. of the gross return. Allowing these pledges to shrink forty per cent., as they probably will in the course of five years, then the cost will be thirteen per cent. There is, however, a value in such agencies which can not be set down in figures. They lecture on missions and mission fields, and exhort to faithfulness in missionary work, and sow seed which will spring up and bear seed in after years. It is difficult to figure up the ratio of costs to results.

Twenty years ago the Convention adopted a plan which took out of the hands of the General Board the raising of money for missions. All the money was to come to this treasury from State treasuries, and all the agencies for raising money were to be under the supervision of State Boards. It took this Convention twelve years to find out that this scheme was impracticable. In 1881 we returned to older and better methods, and now it becomes a question how far and by how many agencies we shall press our claims upon the attention of the brethren. At present we are satisfied with one Financial Agent, besides the Corresponding Secretary.

## MISSIONARY INTELLIGENCER.

The Board united with the Foreign and Church Extension Boards in publishing and circulating 50,000 copies of the *Missionary Intelligencer*, at a cost of $125 and postage per month. We do not think it was a bad investment, and yet there may be a better way of reaching the people. The people who contribute to our funds are readers of the *Oracle*, *Weekly*, *Guide*, *Evangelist*, *Standard* and other weekly religious journals which advocate organized missionary work. The editors of these papers will gladly devote space to setting forth the claims of all our missionary work, and occasionally will furnish a leading editorial on the subject. In addition to this, we could issue a sixteen-page monthly, specially for the use of our preachers, full of information of the kind the preacher needs for the missionary sermon. We believe such a journal can be published for $500—a small sum for the three Boards—and doubtless judicious advertising can be made to pay nearly the entire cost. What we need more than anything else, is a ministry wide awake to the opportunities and needs of missionary work, and so enthusiastic that they can "not but speak the things they have seen and heard."

## TRACT DISTRIBUTION.

As will be seen by the financial statement, only a small sum has come to us for tract distribution. We have sent out about $50 worth of tracts, and applied nearly all of the balance to liquidation of the debt. There seems to be little demand for these valuable auxiliaries to the evangelist. M. P. Hayden donated us five thousand copies of a tract called "Facts About Baptism," which we have sent out to a few places. We have not deemed it wise to set a day for collection for tract distribution, because already the missionary calls are sufficiently numerous. We suggest that the Corresponding Secretary, who is also Superintendent of Missions, be allowed to furnish our missionaries with such tracts as they may need, and that we pay for them, to a limited amount, from the mission funds. We suggest also that the State Boards each set apart a sum for supplying their missionaries with tracts. The Tract

Committee will take pleasure in furnishing such tracts as we have on the list at cost price to any of these Boards. We have not kept the matter before the people by notices in the papers, as we should have done, depending, perhaps, too much upon the many notices which have had wide circulation through our papers and minutes in the years past.

## THE FALLEN.

We have three times this year spread upon records resolutions expressive of our high appreciation of the life and character of brethren whose history is interwoven with the history of this Society. Isaac Errett was early called to the helm as Corresponding Secretary, and during his years of service—from 1857 to 1860—the treasury was well supplied with funds, and enterprises set on foot for the increase of labor in home and foreign fields. His earnest advocacy gave to it its first pronounced success. His voice and pen and presence and treasures were ever at the command of his Master, and specially so when they were needed to help on the cause of missions at home and abroad. Whether in the field as Secretary and Financial Agent, or in the chair as our honored President, or on the floor as a member of the Society, or in the quiet retreat of his home, his voice was the voice of a leader of men and of thought in the struggles that have to do with uplifting the race. No one is more missed from our councis, and the memory of none of our fallen heroes more precious.

A. E. Myers, of West Virginia, whose name is associated with all our missionary enterprises from the beginning, an able preacher and a valuable worker, entered into rest early in the year. His devoted companion followed him to the better land a few days later.

W. H. Lape of Newport, Ky., was a member of your Board for many years—and a member of the Missionary Society from its organization. He was always deeply interested in the success of missions; and, though charged with great responsibilities and labors in other fields, generally found time to attend the meetings of the Board, and was quick to discern what was needed, and ready with timely and judicious counsel.

Jacob Burnet attended the first meeting of this Association, and became a member. He was early identified with the work of the Disciples of Christ. His noble worth as a citizen, his valuable counsels in all our meetings, his unyielding integrity as a Christian, his steadfastness in every good word and work, endeared him to all who knew him, and none knew him but to respect and love him. We also name John P. Robison, of Ohio, whose voice and counsels were potent in these meetings a quarter of a century ago; W. S. Winfield, of Indiana, and Andrew Steele, of Kentucky, pioneers in the work of restoring primitive Christianity, and as members in full sympathy with our missionary work; E. D. Barclay, well known in Ontario, Ohio and Kansas, as an able minister; R. A. Bishop, of Mississippi, who served as a missionary several years in that State; J. B. Inman and G. G. Hamilton, our deceased missionaries, to whom reference has already been made; and Harrison Turner, of Kentucky, widely known as writer, teacher, preacher and valuable helper in all missionary work; and W. H. Woolery, President of Bethany College, who, though he had not reached the prime of life, was recognized everywhere as a ripe scholar, an able preacher, and a valuable counselor and worker in every department of church, college and missionary enterprise. He was greatly beloved for

his many personal qualities, and especially for his work's sake. Also, Mrs. Louisa Keningham, and L. A. Thomas, of Kentucky, whose names have appeared repeatedly as liberal contributors to the work of the Lord, and whose hearts and hands were ready for every good word and work.

Doubtless a score of others, whose names are little known to the general public, but whose offerings have annually come to swell our treasury, have passed from all earthly toiling to the rest that remaineth for the people of God; and who can tell how many fountains the humblest may have opened, which will outpour blessings through all the years to come? "Blessed are the dead who die in the Lord. They rest from their labors, and their works do follow them."

### CONCLUSION.

The field we are expected to cover is very extensive, and the demands upon our attention and funds are very great. We sometimes grow heartsick over our inability to help where a little help would do so much good. And yet these cries for help are so many exhortations for us to put forth more effort and use more persuasion in our appeals for men and means for the work. We look forward to each year to give evidence in increased offerings that our sowing has not been in vain. We rejoice that we are not disappointed in our expectations. We are very thankful to all who have given us so many evidences of sympathy and helpfulness. Scores of remittances came this year from churches for the first time, and with them came the assurance that the first should not be the last.

As a people we have not put forth the half of our strength for missions; but there are many indications of growing interest. Let us not be impatient, nor "weary in well-doing, for in due time we shall reap it we faint not."

In behalf of the Board,

R. M. BISHOP, Chairman.

R. MOFFETT, Cor. Sec.

## ANNUAL REPORT OF THE BOARD OF CHURCH EXTENSION FUND.

*Mr. President:*—One year ago the Constitution of the G. C. M. C. was so changed as to authorize the election of a separate Board, to be known as the "Board of Church Extension Fund," with headquarters at Kansas City, Mo.

In presenting the first annual report of the Extension Board to this Convention, we acknowledge the rich blessings of our Heavenly Father in all that we have been permitted to undertake in the name of of his Son, our Saviour.

### RECEIPTS.

Last year our receipts amounted to $7,027.80; and this year the contributions amounted to $12,305.37, an increase of $5,277.57. For this enlargement we desire to tender thanks to all who have remembered

us with their contributions, and to our enterprising religious journals, which have helped us much in every way, and also to the faithful preachers who have urged this cause upon the liberality of the churches. More churches contributed this year than last, and usually the contributions were larger. Church Extension Day, the second Sunday in January, was an unfavorable day, and for this reason many churches failed to make an offering, and yet the number of contributing churches this year has been very much increased. We have received three contributions of $500 each, one of $480, and fifteen of $100 each. For receipts classified by States, see page 36.

## PLEDGES.

The pledges and notes taken during the year are generally for five years; some have been taken for shorter time, and a few for longer. The pledges taken aggregate $22,365.

## NAMED LOAN FUNDS.

The following recommendation from the Committee of Church Extension Fund was unanimously adopted at the last General Convention:

"We recommend that, when any person subscribes $5,000 or more to the Church Extension Fund, the fund arising from said subscription may be designated as a Name Loan Fund in the name of the person designated by the donor, and that no part of said named fund shall be used for current expenses."

In harmony with this recommendation two subscriptions of $5,000 each were secured, one from F. M. Drake, of Iowa, and one from the Standard Publishing Company, of Cincinnati, O. The following is a statement of these funds:

### F. M. DRAKE LOAN FUND.

Constituted by F. M. Drake. Subscription, $5,000. Cash received to October 1, 1888, $1,580. Churches aided: Ellisville, Ill., $400; Mt. Vernon, Ill., $500; Hillsboro, Texas, $300. Total, $1,200 Interest returned on Mt. Vernon, Ill., $15; balance of principal on hand, $380; total on hand, $395.

### THE STANDARD PUBLISHING COMPANY LOAN FUND.

Constituted by the Standard Publishing Company, of Cincinnati, Ohio. Subscription $5,000; amount received October 1, 1889, $500.

## BEQUESTS.

We have received only $100 from bequests this year. We have a small interest in two estates that will be paid when it can be legally arranged. Other bequests have been made during the year. A few preachers have taken a special interest in this matter, and we hope their interest will grow with passing years. We ask our preachers everywhere to co-operate with us in securing bequests. More attention should be given to this matter.

## DEDICATIONS.

There has been great activity this year in building houses of worship. Many new fields have been supplied with neat chapels, while in older communities the worn and antique buildings have given place to

the new and modern. The churches are to be congratulated quite as much on the architectural beauty and design of the new buildings as upon the number and cost of these buildings. Our Secretary has not responded to all the calls made upon him to aid in dedicatory services, but he has been able to assist at the formal opening of sixteen new houses of worship. The smallest amount raised was $350; the largest, $9,500; whole amount, $41,440. For this service $823 has been received, included in the total receipts of the year.

We believe the receipts and result of this work fully justify the time expended.

## APPLICATIONS.

The number of applications for loans during the year has been far greater than for the corresponding time last year. Many of these appeals came from important places, North, East, South and West. And appeals come from some churches whose very life depended on receiving such aid as we have been able to render.

## LOANS.

The rule of the Board is to make no loans for longer period than five years, nor for a larger amount than $500, nor to a church whose building costs more than $5,000. Six per cent. interest is charged.

Often two or three hundred dollars will secure a building worth $1,500 to $2,000, and even more. In a new field it is not always necessary to put a large amount of money in a church building.

| Eastman, Ga | 16 50 | Total | $322 50 |

INCREASED DEMANDS.

In common with our missionary agencies this Board is confronted with an ever-widening field of operation. The once sparsely settled Territories, with here and there an humble village or hamlet, have, within a short time, reached the dignity of Statehood, with populous towns and large cities. The rapid growth of our country continues. The missionary is on the picket line with the advancing host, ready to organize a congregation that it may become a center of religious life. The statistics show that seventeen churches are organized every day in the year by all the denominations of the land. Our own people are well represented in this aggressive movement. But a congregation without a house of worship must lead an uncertain life. A suitable church home at once gives an honorable status in society, removes an oppressive anxiety from the hearts of the people, and gives an impetus to all the activities of the congregation.

The cry for help comes from every part of the land. The appeal comes from the needy and worthy. Those who ask for aid are loyal to our Lord and his precious cause. They are our brethren, heirs with us in the promised inheritance, and they simply ask the more favored members of the great family for temporary aid in sheltering the household of faith.

To whom shall they appeal but to us? They are our brethren, the Father's children. What a precious privilege to aid those who love our Lord, and seek to sacredly keep all his ordinances. Let us see to it that the work is greatly enlarged during the coming year. Let us seek more and more to extend the kingdom of heaven.

For the Board. F. M. RAINS, *Secretary.*
